# DAMAGE WAIVER

## Terms & Conditions

### CONDITIONS FOR DAMAGE WAIVER TO RENTED EQUIPMENT

This waiver of damages **ends on September 16, 2024 inclusive or when the rental contract is closed after this date.**

The tenant agrees to pay the lessor a surcharge of 9.9%, in order to be exempt from paying for damage to the rented equipment, resulting from mechanical breakdown.

The waiver of damages does not replace the comprehensive insurance that the tenant must maintain on the rented equipment and this at his own expense. The waiver does not remove any right of subrogation from the insurer.

**The damage waiver does not apply in the following cases:**

1. Damage caused by overloading the device with weight that exceeds the maximum capacity of the device or its accessories
2. Tilting due to poor weight distribution
3. Punctures, cut tires, damaged wheel rims, damaged blades or bits, damaged stringer cables
4. Equipment or accessories left unattended both outside and inside
5. Freezing, lack of oil, lubricant, lack or wrong category of fuel
6. Misuse, collision on private land or on the road
7. Tenant's Negligence
8. Use or modification of the equipment for purposes other than those recommended by the manufacturer

The new LOU-PROTEC protection plan comes into force on September 17, 2024 or when a new rental contract is opened following this date.
